Instruction for accessing electronic journals at BGU without VPN

1. Open Firefox
2. Go to “Firefox” menu item.
3. From the menu, select “Preferences”.
4. Click on the “Advanced” category.
5. Click on the “Network” section
6. Click on the “Settings...” button
7. You should see the following window:

![Configure Proxies window](image)

8. Select the “**Automatic proxy configuration URL:**” and write the following address in the text field: **http://www.bgu.ac.il/bgu.pac**

9. Press on the “**Reload**” button

10. Press on the “**OK**” button
11. When you access to an electronic journal that BGU has authorization to use you will be asked to insert your “Username” and “Password” the same that you use for BGUMAIL.

![Image of authentication prompt]

Good luck.
